

Standardization Committees		Titles of standards	JIS No.	Establishment date
Optical Measuring Instruments	1	Measuring methods for laser output power	JIS C 6180	Aug. 1, 1991
	2	Power and energy measuring detectors, instruments and equipment for laser radiation	JIS C 6181	Jan. 1, 1995
	3	Test methods of optical power meters for laser beam	JIS C 6182	Aug. 1, 1991
	4	Test methods of fiber-optic spectrum analyzer	JIS C 6183	Sep. 1, 1992
	5	Optical spectrum analyzers- Part2:Calibration methods	JIS C 6183-2	Mar. 20, 2018
	6	Test methods of optical power meters for optical fiber	JIS C 6184	Oct. 1, 1993
	7	Optical time-domain reflectometers(OTDR) -Part 1:Test methods	JIS C 6185-1	Mar.21,2017
	8	Optical time-domain reflectometers(OTDR) -Part 3:Calibration of OTDR for multimode fibers	JIS C 6185-3	Mar. 20, 2014
	9	Optical time-domain reflectometers(OTDR) -Part 2 : Calibration of OTDA for single mode fibers	JIS C 6185-2	Revised.Mar. 20, 2014
	10	Calibration of fiber optic power meters	JIS C 6186	Revised.Jan. 20, 2008
	11	Test methods of optical wavelengthmeters	JIS C 6187	Jul.20,1999
	12	Optical wavelength meters -Part 1:Test methods	JIS C 6187-1	May. 20, 2016
	13	Test methods of measuring optical attenuators	JIS C 6188	Jul.20,1999
	14	Test methods of optical return loss meters	JIS C 6189	Mar.20,2004
	15	Test methods of fiber optic test sources	JIS C 6190	Oct. 1, 1993
	16	Test methods of tunable light sources	JIS C 6191	Apr. 20, 2005
	17	End-face image analysis procedure for the calibration of optical fiber geometry test sets	JIS C 6828	Mar.20,2004
	18	Calibration of fiber optic chromatic dispersion test sets	JIS C 6829	Jan.20,2005
